CC VALUES FILTER
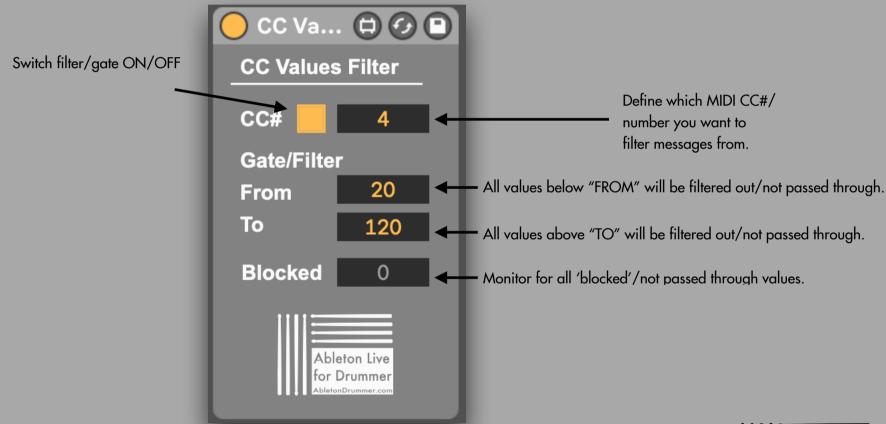

This device lets you filter out a defined range of MIDI CC values of one MIDI CC#/number.

Switch filter/gate ON/OFF

CC Values Filter

CC# 4

Define which MIDI CC#/number you want to filter messages from.

Gate/Filter

From 20

All values below "FROM" will be filtered out/not passed through.

To 120

All values above "TO" will be filtered out/not passed through.

Blocked 0

Monitor for all 'blocked'/not passed through values.
